Congratulations on your forthcoming marriage.

Elegant, stylish and full of history, Slaugham Place provides a memorable setting for your wedding.

In the heart of West Sussex and with water gardens featuring the Grade II listed ruins of an Elizabethan manor house, it's the idyllic location to turn your romantic wedding dreams into reality.

We invite you to celebrate your special day under the historic stone arches and enchanting private walled gardens. You and your guests can stroll over the moat via a wooden bridge, explore the grounds and dine in luxury.

Your Wedding Day

Slaugham Place is the perfect choice for your outdoor wedding. Our venue staff will be on hand to assist you in every element of your day.

We offer fully licenced wedding ceremonies under the beautiful arches of the old Elizabethan Manor ruins. The open air ceremony takes place on the lawn under the historic arches. We have an especially designed marquee in the event of rain. So, the ceremony will take place in a dry and comfortable environment. A full PA system is included for the ceremony and the speeches.

The Water Gardens & Elizabethan Ruins

In the late 1990s Sir Alan Urwick promoted Slaugham Place as a wedding venue. Weddings and corporate events are held here to help maintain the grounds and allow our guest to enjoy this wonderful peaceful setting on the upper reaches of the river Ouse.

Many repairs to the moat house buildings and gardens have been carried out over the years and Slaugham Place has become one of the foremost outdoor wedding venues in the South East.

The manor house was built around 1590 by Richard's son, Sir Walter Covert, to a design by John Thorpe. What is left of the original Elizabethan Manor are now Grade II listed and provides the perfect backdrop for wedding photographs.

“The venue itself is just amazing and we had so many compliments about how unique and beautiful it was, with the ruins and the moat and the greenery. We wouldn't hesitate to recommend Slaugham and the team to anyone looking for a magical wedding day”
